

HARVEST

— AT LIMONEIRA —

Green Space

Green Living

Like much of Santa Paula itself, Harvest at Limoneira is deeply rooted in nature.

You'll take a stroll through the hillside for your pick of fresh Meyer lemons and avocados or follow the trail through preserved open space.

agrarian culture

Step out & explore

Venture out and explore multiple parks or come together for a game at the 5.5-acre sports park.

Natural landscapes, green practices and true community. It's a tactile everyday experience. Around here, getting in touch with nature is as easy as stepping outside.
